SUN BEAMS

By WALTER M. BARRETT

The finest example of neighborly cooperation we have ever witnessed, and if we live to be 100 we will probably never see finer, was the spirit displayed by Truckee residents when fire razed the Tom Dolley home on High street and threatened others in the immediate vicinity last Saturday morning.

With the temperature hovering around the zero mark at 3.30 o'clock in the morning and with a foot of fresh snow piled on top of an earlier fall of three feet, scores of local residents responded to the siren's wail for help and regardless of personal comfort and inconvenience, pitched in like a well-trained miniature army and held the fire well in check, despite wholely inadequate equipment, saving everything except that which was doomed when they arrived.

Many of the boys engaged in the fight worked without gloves and with their hands blue and numbed by the cold. Sprayed by icey water, which froze their clothing to their bodies and their shoes to their feet, they never hesitated until the blaze was controlled. Each seemed to be trying to outdo the other in a service which they knew would bring no compensation other than a personal satisfaction of an unmercenary job well done.

Many of them were volunteer firemen, organized and trained to combat fires, and others were merely residents with a thought for the other fellow's welfare. None was under obligation and none sought a word of thanks. They worked until the disagreeable task was done, then plowed their weary ways home through the drifts in the early dawn to change their frozen clothing, grab a bite of breakfast and resume their daily routine work. With such a spirit prevailing in Truckee we are willing to wager that the town will continue to progress regardless of the obstacles which might be thrown in its path.

Quite naturally, we are more grateful than if we had not been personally involved. Many of the fire fighters, the majority in fact, were strangers to us, yet they toiled with the same effort they might have displayed had it been their own homes.

To all of you, firemen and others, who unselfishly responded in a time of need, we say Thanks, and we know that we are expressing the sentiment of our neighbors, Mr. and Mrs. Tom Dolley and Mr. and Mrs. Frank Powell.

One of the unsung heros of the near disasterous fire was Judge C. E. Smith. Quickly sizing up the situation, he left the scene and through snow over his waist, fought his way to the site of the water supply on the hill a quarter of a mile away. There he manned the valves which control the water, seeing that those at the blaze had sufficient water to check the blaze. The job would have been a big one for a much younger man.

And again we take off our hats to the Southern Pacific Company. It may be, as some have said, a heartless corporation, but no exemplification of heartlessness was shown at the fire. The fire train and crews turned out with the rest of the town and when the local equipment was found far insufficient, turned its facilities over to the town and assisted no little in bringing the fire under control. Truckee is again indebted.

Fire Chief Tom Dolley enjoyed a unique experience Saturday when at the first fire following his election, he was called upon to supervise the fighting of a blaze which destroyed his own home. We hope it proves to be his first and last fire.

ROY MIKKELSEN, SKI CHAMPION TO WED ROSEVILLE GIRL

It has bee n revealed at Rosevilee that Roy Mikkelsen of Auburn, a member of last year's Olympic ski team and former national champion in the sport, will be married to Miss Esther Gilkey, a teacher in the Roseville elementary schools.

The coming marriage of Miss Margery Gilkey to Fred Sayre, a state employe at Sacramento, was also announced at the home of Mr. and Mrs. Arthur E. Gilkey, parents of the two future brides.

WILL GET MONEY

According to the disbursement setup released by Governor Frank F. Merriam last Friday, Nevada county will receive $152,412 for county roads during the 1937-39 biennium.

STRANDED DEER BEING ATTENDED BY FOREST MEN

200 Deer Bunched In Area Near Floriston By Cold Snap

PREPARE TO FEED 30

Preditory Animal May Be Cause of Deer Gathering

Range Examiner L. S. Smith of Nevada City and Assistant Ranger Garth Flint of Truckee, both of the United States Forest Service, skiied over the area along the Truckee river below Floriston Wednesday and found nearly 200 deer that had bunched in the flats in about one or two feet of snow, according to a report made to Forester H. I. Snider.

The deer were bunched where mahogany brush could be obtained for forage.

This is a location where deer commonly winter and they seemed in no immediate need of artificial feeding.

It is thought some predatory animal may be causing the deer to gather in large herds to better defend themselves.

About 30 deer were found on a bench about a mile west of Boca where theforage is not too plentiful and the snow is three feet deep.

These deer will be fed should a heavier fall of snow occur and the cold weather continue, Snider said.

The herd of 200 near Floriston will also be watched and if the need demands they will be fed.

Two Girls Are Apprehended Bv State Officers

Held in Nevada City Until Parents Return Them To Utah

Two 17-year-old Salt Lake City girls who had a desire to visit California, even if they had to disobey their parents, were apprehended by local state officer Monday and taken to Nevada City where they are held in the detention ward awaiting the arrival of their parents to return them home.

The two girls, Ruth Yallow and Ruth Coffman, had hitch-hiked all the distance from Salt Lake to the quarantine station east of Truckee where Officer Melvin Hayes, previously warned by Utah officers to be on the lookout for the pair, apprehended them.

Hayes notified State Patrolman Arthur Barrick who took the girls to the county seat after obtaing instructions from Captain Joe Blake.

The two girls had a small amount of money, Barrick said.

FLAGMAN KILLED BY TRAIN IN MISHAP AT NORDEN TUES.

Patrick Cregan, 52, a flagman employed by the Souther Pacific Company bridge and building gang for seven years, suffered fatal injuries when he was struck by a westbound passenger train near Norden last Tuesday.

Death came instantly as his body was dragged over 700 feet before the train could be stopped.

The body was taken to Colfax where an inquest will be held by Coroner Francis E. West. No rate was immediately set.

Cregan is survived by a brother living in Chicago and a son. He was a member of the Loyal Order of Moose in Portland, Oregon.

ANOTHER SNOWBALL

C. Edmunds, manager of the local winter sports, has received word to the effect that a second Snowball Excursion special will be here on Sunday, January 31.

More Than 500 Excurionists Here Sunday

Another Crowd Due To Be Here In the Near Future

The first Snowball Special from the San Francisco-Oakland area arrived in Truckee last Sunday morning and departed that same afternoon at 2:30 o'clock, giving more than 500 excursionists an opportunity to frolic in the snow at the local grounds. The day was almost ideal for the visitors, although it was preceded and followed by storms.

Manager C. Edmunds took charge of the visitors upon their arrival in Truckee and directed them to the various sources of amusement.

According to present plans, it was announced that a second Snowball Special will come here during the first part of February.

Percipitation Still Two Inches Below Normal

Snow Measures 30 Inches as Moisture Reported Light

The cold snap followed a stom in this area which brought another 4.3 inches of fresh snow to make a total of 30 inches on the ground, according to H. I. Snider, U. S. Forester, who keeps an official record. While Truckee has had 75.55 inches of snow this season, the precipitation of 7.88 inches is still nearly two inches below the seasonal normal.

QUICK WORK OF NEIGHBORS SAVES H. FRAZIER HOME

Except for the rapid work of neighbors and hastily summoned firemen, the home of Mr. and Mrs. Harvey Frazier, in the western part of town would have been destroyed by fire at noon Wednesday.

It is believed that an overheated chimney started a fire near the roof.

The fast organization of a bucket brigade soon had the fire well under control and the damage was slight.

While the fire was being stopped ow cars were vainly trying to get the old fire truck out ofits shed, but the blaze was out and the firemen and other volunteers had returned to work before the decrepit antique was finally removed.

COLDEST SNAP OF SEASON HITS TRUCKEE AREA

Temperature Drops Under 40 Below Zero Mark

NEW RECORD IS SET

Dama e Confined to Pipes and Cars as Cold Continues

Truckee shivered under the coldest weather believe ever recorded here this morning when the temperature dropped to 44 degrees below zero.

While no damage, other than scores of frozen and broken pipes, frozen automobiles and other minor result from the intense cold, local families were warned to watch their stoves and chimney to prevent overheating.

The cold weather was felt over the entire west. Sacramento suffered in 22 degree above temperatures and in other parts of the state corresponding cold records were established.

Motorists were warned to stay off the highways in Idaho and Utah as danger of becoming stalled between growing snow drifts were seen. The schools in Utah were closed because of the unusual cold.

Roads are being kept open over the Donner Summit and trains are running on schedule.

MISS ANNA ZORICH IS FETED IN HONOR OF ANNOUNCEMENT

Miss Anna Zorich, whose betrothal to Paul Seely of Stockton has been announced, was the honor guest at a miscellaneous shower at the home of her parents, Mr. and Mrs. J. Zorich, on Friday evening with Mrs. Claire Goode, Miss Yvonne Gaiennie and Miss Stella Zorich acting as hostesses of the affair.

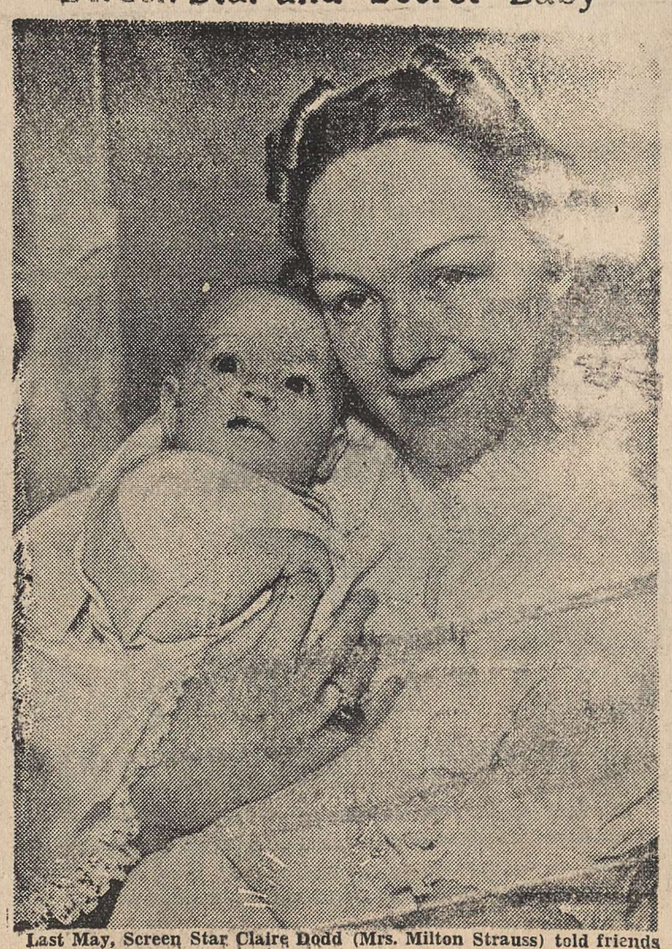
Bridge was played at five tables and other guests were enjoyably occupied with a game of monopoly.

Mrs. Andrew Oroz and Mrs. Stanley Martin were presented with gifts at the conclusion of the bridge playing.

Delicious refreshments were served at a late hour.

Miss Zorich, the recipient of useful and decorative gifts for her future home, will be married during February. The date has not been divulged.

Screen Star and "Secret" Baby



Last May, Screen Star Claire Dodd (Mrs. Milton Strauss) told friends and newspapermen she was going on a vacation. When she returned after her child was born Oct. 16 she told no one of the arrival in the family. But this week a mother's pride caused her to have an "announcement" party for her son. His name is Jon Michael.

Local Judge Gets Large Sum From Fines

First 15 Days of New Year See Record Going Smash

Fines totaling $2182.50 were collected by Justice of the Peace C. E. Smith and turned over to the county treasurer during 1936, a check of the local official's docket reveals.

While this does not quite reach the mark set in 1935, when $2276.50 was collected, this year promises to set a new record if the balance of 1937 proves as lucrative as the first month.

During the first 15 days of this month, Judge Smith has collected a total of $441. Of this total $400 was paid by convicted violators of the state caravan law.

Thus far during 1937 all those who have appeared in the justice court have elected to pay fines rather than accept the jail term with the exception of Frank W. Prothers, who was sentenced to jail for 15 days on a reckless driving charge.

Two men, Norval P. Elmer and Gerald C. Sandleir were fined a total of $12.50 for driving without chains on the icey roads. Alfred Mallett was assessed $200 for attempting to evade the state caravan law and Alfred Wolf and Robert Shultz were fined $100 each on similar charges.

Robert Bert was fined $2.50 for speeding and G. R. Townsend paid a $1 fine for passing another vehicle on the crest of a hill. R. W. Cook was charge $25 for false registeration.

Former Tahoe Resident Ends His Own Life

Doctor, Despondent Shoots Self on Stockton Highway

Dr. Thomas O'Connor, 43, former physician at Colfax and a summer resident at Lake Tahoe where his son, Thomas C. O'Connor, 111, was drowned in a motor boat accident last summer, committed suicide with a rifle Wednesday near Angels Camp in Calavaras County.

After serving as superintendent of the Bret Harte Sanitarium at Murphy for seven years, Dr. O'Connor resigned from that position last September and had established a practice at Lodi.

The family left Colfax when the physician accepted the direction of the hospital at Murphy in 1929 and was highly regarded by his many friends. It was believed that he was unable to recover from the shock of his son's tragic death.

He is survived by a daughter and his widow to whom he left a will made yust be ore shooting himself.

Funeral services were held at Lodi on Saturday.

CLERK McCORMACK ISSUES LICENSES TO HIS OWN CHILDREN

Twice during the past three years County Clerk R. N. McCormack has written marriage licenses for his own children.

His daughter was the first to obtain the certificate from her father when she married Robert Stedger of Nevada City. Deputy Clerk Walter N. McCormack was given a more recent license to wed Miss Mable Tisher.

McCormack was quoted as saying, "I haven't any children left. Now I'll have to wait for the grandchildren."

LIONS MEET

A meeting of the Truckee Den of Lions was held last night at the California cafe. President Rufus Gregory was in charge. Future programs for the organization were discussed at a directors' meeting following the dinner.

MORNING FIRE DESTROYS HOME OF TOM DOLLEY

Other Homes in Vicinity are Threatened as Flames Spread

VOLUNTEERS ACTIVE

Family Flees Blazing Home As Cause of Fire Unknown

Believed to have had its origin in either an overheated stove or defective electric wiring, fire Saturday morning completely destroyed the home of Mr. and Mrs. Thomas Dolley and damaged considerably the ad joining dwelling owned by Mr. and Mrs. Frank Powell, who occupied the upper portion. The W. M. Barrett family lived in the lower part.

Except for the rapid and efficient work of the Truckee volunteer fire department and other local residents who responded to the fire alarm at 3:30 o'clock in the morning, the fire would have likely spread to a number of other nearby homes.

The fire was first discovered by the Dolleys, who awoke to find the entire ceiling in one room blazing. They immediately notified the fire department and escaped the flaming structure with only a few personal belongings.

Two youths, whose names were not immediately learned, lived in the upper part of the Dolley home. It was not learned whether or not they were at home when the fire broke out.

In spite of the late hour and the penetrating cold following a severe blizzard, a large number of volunteers turned out and fought the fire for over two hours before it was finally brought under control. All the furniture and other effects were removed safely from the Powell and Barrett households.

Although, as usual, the fire truck could not be depended upon, a line of hose was brought from the fire house on the hill above the scene of the fire and a second from the Southern Pacific was brought from below.

A small three-room cabin, also belonging to Dolley, in the rear of the razed dwelling, was saved by the firemen.

The fire was the second within a week, the other being at the E. J. Campbell home in the eastern part of town the preceding Saturday at noon. There, as at the Dolley fire, the work was handicapped by the useless equipment, but the volunteers brought the blaze under control and confined it to the one building.

Both Dolley and Powell were protected somewhat by insurance.

TRUCKEE OFFICER APPEARS AGAINST AUBURN DRIVER

It was necessary for Officer Arthur Barrick of Truckee to appear in the Dutch Flat justice court against Frank Hatch of Auburn last week after he stopped the man on the highway near there on Christmas eve for drunken driving.

The local patrolman notified the officers of that county who held him on the charge.

A fine of $50 or the alternative of 25 days in jail was imposed by the judge.

MANSLAUGHTER VERDICT

Manslaughter was the verdict returned by the jury in the case of Lawrence L. Johnson at 9:30 o'clock Tuesday night in the Nevada county superior court. Johnson was accused of killing his wife, Mary at the Rough and Ready home of the couple on October 7.

Judge Raglan Tuttle presided and a record in the selection of the jury, presentation of evidence and argument of counsel was believed established. The case opened Monday morning.

A REAL NEED

Negotiations, we have been told, are under way for the purchase of a new fire truck. And if this is true, Truckee may well rejoice and we have a perfect right to stage a little celebration. For if ever anything was needed, that is a new fire truck, or at least one capable of running, right here in Truckee.

The futility of attempting to continue the present so-call-vehicle, in its current unfitness, was proved twice in one week.

The boys of the local volunteer department have earned the right to have good equipment. They are real fire fighters which was also proven twice within a week. Every one of them are worthy of the title of fireman and given the proper equipment, businessmen and other residents of Truckee could go about their daily routine well satisfied that insofar as fire losses are concerned, they are well protected. Then there is the possibility that insurance rates, now plenty high, might be reduced.

Those who have witnessed the ridiculous attempts to get the present piece of junk to operate on its own power, have laughed, but it is far from a laughing matter. It is one of the most serious issues faced by Truckee today.

Even rural districts throughout the state maintain better equipment for combating incipient grass and grain fires and surely there is no town within the scope of Truckee which provides its department with apparatus even more useless than the old-time hand drawn hose carts. We have more than 1000 people whose homes and businesses must be protected.

It seem that the assessments collected for the fire district here are sufficient at least to have a vehicle which can be depended upon to run, and yet here we are dependent upon a garage tow car to take the firemen their apparatus.

Property, and even lives are at stake and something will have to be done soon.

A CIVIC DUTY

It is indeed too bad that so many of us here in Truckee cannot see the many individual advantages of trading at home. There are not too many of us here during the winter months when business is at its lowest ebb and we should find it not only a pleasure, but a civic duty to patronize our neighbor.

There might be a different side to the story if we benefitted to the slightest degree by taking the money earned here to another city or sent it to a mail order firm, but that is not the case. We can do just as well on most purchases and on some much better than elsewhere and the fact that at least a portion of every dollar spent here comes back to us makes trading away from home a financial loss. Merchants here realize that they are compelled to meet outside competition and have mt competitive prices as near as possible.

The principal trouble is that we do not or will not open our eyes to facts. We just naturally presume that because of a larger selection, bigger stores and perhaps in many cases better displays, that we are saving ourselves money in the other towns or from catalogues and we overlook the many advantages obtainable at home.

When the mail order houses an dmerchants in the other towns and cities start contributing to the civic and community welfare of Truckee or in any manner assist in making it a better town, then its time to reciprocate, but not before.

A LULL IN THE STORM

Mother Nature certainly displayed her best manner here Sunday when the Southern Pacific's Snowball Special arrived with between 400 and 500 San Francisco, Oakland and Sacramento winter sports enthusiasts to enjoy the advantages available here for a real snow frolic.

One of the most severe storms of the season swept the area Friday night and Saturday morning and for a time it looked very bad indeed for the excurionists. The skies cleared Saturday, however and conditions were ideal for the day.

Then, after the visitors had departed and were well on the way home, the wind brought another storm over the summit and Monday saw foul weather for outdoor recreation.

In this connection, we feel that the Southern Pacific is entitled to a vote of thanks for providing the means at such a nominal charge to bring the huge crowd here.

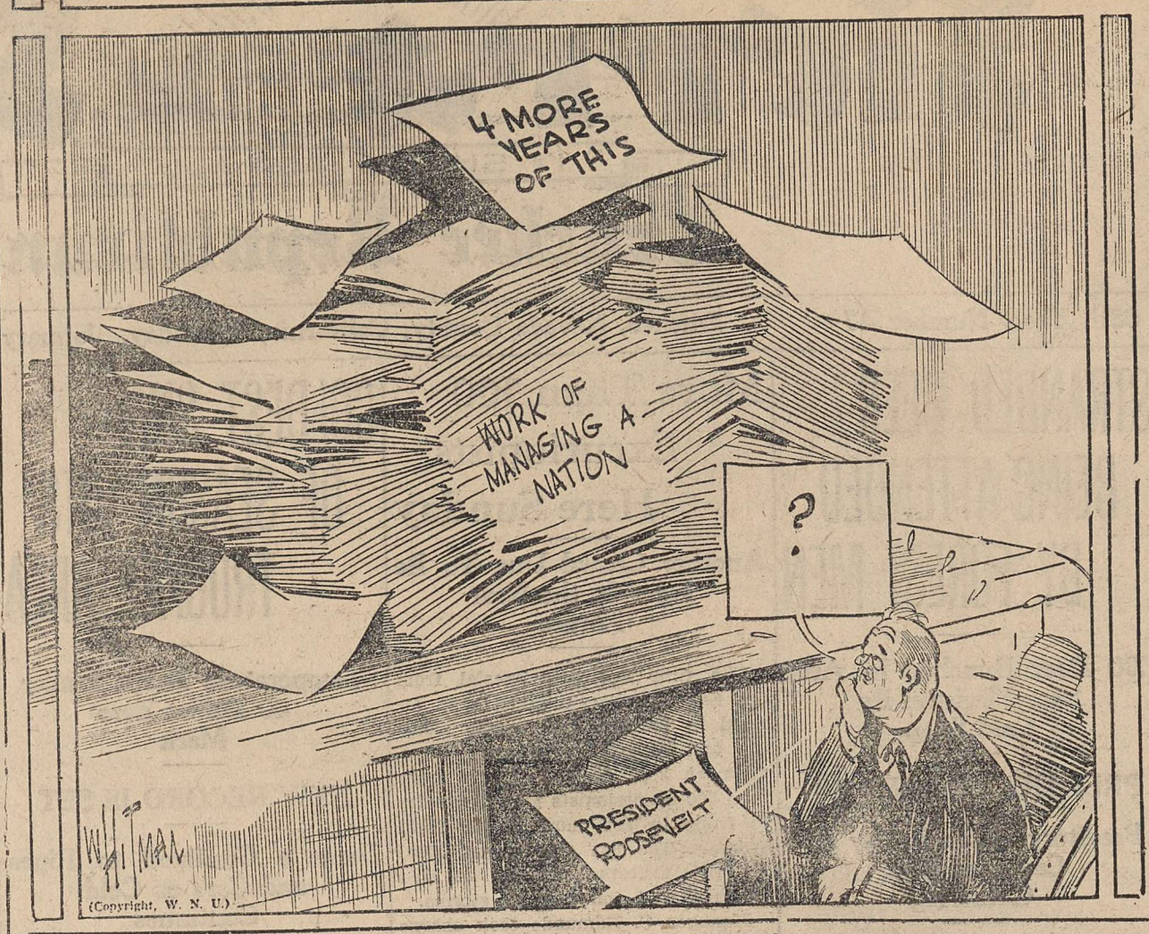
Lucky Mr. Landon!



Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Jan. 21.—(UP)—Gov. Frank Merriam's optimistic report of expected state revenues during the next two years was not cheerful enough, in the opinion of some legislators, and a drive will be made to trim taxes rather than permitting present revenues to pile up a surplus.

In view of the fact that for the past two years, lawmakers have had to talk in terms of deficits and increased taxes, Merriam's message was the happiest since the depression began trimming revenues and adding to the state's burden.

Not only will the present biennial budget be balanced, Merriam said, and a carry over deficit reduced by $1,000,000, to 19 million but present revenue sources will be sufficient to meet the highest budget ever presented and leave a surplus of $21,000,000 by June 30, 1939.

Democrats seized upon his optimistic predictions as a good excuse for lowering taxes, despite Merriam's insistence that the taxes be left alone so the state can get back on a paying basis. Some of the republicans joined in the demand to lighten the burden on the taxpayers' purses, and it appeared that an intensive effort would be made, particularly to lower the rate of the retail sales tax which now levies a 3 per cent toll on purchases of all commodities except food.

Supporting their belief that taxes could be reduced, legislators said they believed Merriam's estimate of a $21,000,000 surplus was about $20,000,000 short. Some also held that it would not be necessary to appropriate $48,000,000 for relief during the next biennium because improved business conditions and a continuation of federal aid could be depended upon to hold relief rolls down below the high levels of a year ago.

Furthermore, some financial experts insisted it was not necessary to put the state on a cash basis, and in support of that belief they pointed to the success with which the state has paid its bills during the past three years or more with registered warrants.

So long as the general fund indebtedness does not exceed $40,000,000, banks can carry the load by continuing to handle interest bearing warrants, they agreed.

At any rate, the situation two years ago was exactly reversed. The state then was in the hole financially, and needed many millions in new revenue to continue operation. The biggest problem confronting the 1935 legislature was the raising of new revenue. Now, one of the most important issues is the proposal to reduce that revenue.

Everyone seemed agreed that the governor's budget was one of the most liberal ever presented. It took into consideration particularly, social welfare and humanitarian problems. And there was no doubt among those who studied it that Finance Director A. E. Stockburger and his force turned out the best prepared budget ever seen in the state government. Complete in every detail, it gives comparisons, seeks to

LAW WOULD LIMIT ASSESSMENTS ON WORK OF ARTISTS

SACRAMENTO, Jan. 21.—(UP)—County assessors who exercise too much authority in evaluating works of art will be curbed if Senator Ed Fletcher, San Diego, can do anything about it.

Senator Fletcher introduced a bill recently which provides that only the actual value of canvas and materials may be assessed until the value has been determined by sale.

"How can a county assessor come into a house and tell off hand what a picture is worth?" the lanky southern senator demanded of his colleagues.

TAHOE REGION NEWS

By Swanee

MRS. FISHER WILL HEAD BROCKWAY SEWING CIRCLE

BROCKWAY, Jan. 21.—The Brockway Sewing Circle, holding their weekly meeting, were entertained last Thursday at the home of Mrs. Tom McCarthy. Mrs. Dick Fisher was elected the new president of the group and Mrs. McCarthy was named secretary-treasurer.

The ladies, who have greatly enjoyed the social sewing hour, passed a motion that the next meeting be converted into a skiing party to be held on the Brockway golf course. Instead of the usual knitting, they will try their hand at a little "sitting." Mrs. L. C. Shank, Jr., is to be hostess for the occasion.

A new member admitted to the growing circle was Mrs. Norton of Kings Beach.

Mrs. McCarthy served dainty refreshments at the conclusion of the sewing period.

WOLF RECEIVED AT TAHOE TO JOIN PACK OF HUSKIES

TAHOE PARK, Jan. 21.—Constable Harry Johanson of Tahoe on Saturday was elated to receive from the Milwaukee zoo a seven-month old plains or buffalo wolf, known as Canis Occidentalis, which he had ordered. The youngster, only half grown, is already as large as the huskies which tote Harry's sleds. He weighs 75 pounds and when fully matured will scale over 100.

BURLINGTON ALL THE WAY

Tahoe . . . . Ramblings . . .

(By SWANEE)

Old timers at Tahoe will regret learning of the passing, several weeks ago, of George W. Kelham of San Francisco. Death was caused by a hearth attack. The family own a summer place in Tahoe Park and have summered for several years at the lake. He leaves a wife and son, Bruce.

Mr. and Mrs. George Bacchi of Lake Forest, accompanied by their daughter, Mrs. John Maderos, are enjoying a three weeks vacation. At present they are visiting friends in Morgan Hill and may go as far as Lo Angeles.

A frequent Tahoe visitor who passed away recently was Mrs. Richard Shainwald's mother, Mrs. E. M. Heller who made her home at the Mark Hopkins in San Francisco.

Mrs. Charles Heller on Tuesday last was taken to the hospital in Stockton where she is undergoing treatment for an illness which has kept her bedfast for some time. She is reported improving.

Miss Agnes Soll, spending the winter in Sacramento where she is employed by the telephone company, had the unusual honor of being invited to participate in an Oakland bowling tournament on Sunday. She has become efficient in the art since deserting the land of snow and ice.

Mr. and Mrs. Harry Wehrman were dinner guests of the H. H. Hull family last week.

Miss Margaret Pomin, now residing in San Francisco with Mr. and Mrs. E. H. Pomin and Miss Ida Pomin, is reported seriously ill with the recurrence of an old ailment.

Miss Louise Black, a recent visitor at the home of Mr. and Mrs. Charles Mawdsley, left on Monday for her home in Marysville.

Miss Mildred Mawdsley is spending several weeks with friends in Turlock.

George Mitchell, a friend of 25 years standing is enjoying a winter vacation and the novelty of snow sports with Charles Mawdsley.

Mr. and Mrs. Joseph Duffee and daughter, Eunice, returned to their Tahoe home on Sunday following a six weeks' vacation in Oakland.

They reported the weather very cold and disagreeable with much rain in the bay region, and were glad to return to the comforts of their own fireside, despite the snow.

And the Tahoe residents are glad to have them back as a good plumber is an invaluable asset during the freezing weather — in any town.

Mr. and Mrs. Lloyd Shebley have returned to Tahoe where Mr. Shebley is working at the fish hatchery in town and his wife is the house-guest of Mrs. H. H. Hull.

Thirteen members of the H and W club of Meek's Bay held their regular meeting Monday afternoon in spite of a steady snowfall which encompassed the lake area. Mrs. Cora Walker, new president, was in charge. Although no Tahoe City members were able to attend because of the storm, two visitors were present.

Mr. and Mrs. Norman R. Mayfield of Tahoe City are planning on leaving this week for the bay cities where they will combine business and pleasure for the next six weeks or more. Both have been ill with bad colds, but are recovering.

Tommy Hunkins has been ill with an infected arm at their Tahoe City home since Christmas time. The new baby is also reported ill with an infection of one eye.

Carl Bechdolt, Jr., Douglas Smith and David Renner enjoyed the week end ski practicing at Ski Canyon hill due to the cancellation of the Mt. Lassen meet to have been held last Sunday. The boys are showing fine form and are in high spirits anticipating keenly the coming competitive tournaments scheduled for the near future. They returned to their respective colleges Sunday.

Sig Ulland and members of the local club have devoted much time during the past few weeks in putting the race courses and jumps in condition for the coming meets.

Pierce Milton, Fay Ellis and Ray Corliss of Piedmont were among the guests at Tahoe Inn over the week end and enjoyed the snow activities.

Frank Fanger and his brother, Al, are the owners of a new Packard sedan purchased a short time ago.

Th name of Jerry, the beloved white dog belonging to the William Topps, caretakers during the winter at the Cutting Estate in Homewood, was added Monday to the growing list of the departed Tahoe pets. Racing out in a friendly manner to greet a passing motorist, he was struck down and killed by the car.

Mrs. M. F. Kersey of the Brockway district has been visiting with friends in Reno for several days. She returned to the lake Monday.

Mr. and Mrs. Si Ward of Oakland were week end visitors at the home of Mr. and Mrs. A. M. Anderson where they joined in the winter sports activities.

TAHOE IRED OVER DATE SHIFTING FOR STATE TOURNEY

TAHOE CITY, Jan. 21.— Rank displeasure is being voiced by the members of the Lake Tahoe Ski club because of the manner in which the California Ski association handed over Tahoe's sanctioned ski meet date, February 14, to the Auburn Ski Club upon which to hold the California State sanctioned meet.

The original dates alloted for the state meet, February 20, 21 and 22, were changed in order not to conflict with the national meet on those dates to be held at Salt Lake City.

The Tahoe club was asked by President Arnold Weber, if they would relinquish the 14th, but an official poll on the question last Friday revealed a unanimous vote against the relinquishment.

Despite this fact, word was received from Weber that the 13th and 14th had been given to the Auburn club without Tahoes approval or consent, the local club being advised that February 27 and 28 would be available.

A vote will be taken regarding acceptance of those dates Friday night. Plenty of "fireworks" are anticipated as it is commonly conceded in the snow country that by February 28 the public's interest in winter sports will have waned perceptibly.

Aside from this considerable money as already been spent on advertising Tahoe's coming ski meet, an expense which must be borne by the club.

All of which the Tahoe Club holds unethical, unfair and unsportsmanlike on the part of the higherups.

ARBITRATION BOARD FOR LABOR ROWE OFFERED IN BILL

SACRAMENTO, Jan. 21.—(UP)—Speedy and impartial solution of labor disputes involving agricultural workers is sought under terms of a bill offered the legislature by Senator Bradford S. Crittenden of Stockton.

The measure provides for the setting up of a non-salaried mediation board, composed of three members assisted by a $6000-a-year secretary.

PROGRAM GIVEN AT TAHOE DRAWS CROWD OF SIXTY

TAHOE CITY, Jan. 21.—Approximately 60 persons braved the storm on Friday night to attend the second amateur night performance of the Lake Tahoe Ski Club given in the school auditorium.

Displaying a loyalty to the local club, which dates back several years Fred Steiner, Jr., and Fred Hodge, despite difficulty of travel, motored over from Reno to attend. Hodge took top honors on the program with his triple acts of magic performed with cards, flags, etc. Mrs. Jewel Bechdolt entertained the group with a clever imitation of Tizzie Lish. Miss Mary Pronzato favored with a vocal solo accompanied on the piano by Mrs. Asal, Miss Marilyn Hinkle seconding with her 'cello. Mrs Marie Henry presented a dance skit entitled, "The Rhumba Comes to Tahoe." Three pantomines were enacted by Junior Henry, Beccy Brodehl, Marilyn Hinkle, Jim Easton and Walter Mandeville. The showing of a winter sports film was followed by the serving of refreshments and dancing.

GOVERNMENT MAY PURCHASE LAND OF HOBART ESTATE

TAHOE CITY, Jan. 21.—It is likely that the government will soon enter negotations for the purchase of the Hobart Estate holding on the eastern shores of Lake Tahoe near Incline, offered for sale at the present time.

Senator Pat McCarran has pledged his support to the proposition which is rapidly gaining favor among the prominent Nevadans. McCarran declared in a letter to Assemblman Fred Phillips that the price asked for the property is $600,000 and that Washoe County spent $500,000 on the highways through the property, the state of Nevada and the government expending a similar amount. The new highway over Mt. Rose now being completed, offers a direct route from the lake to the cities in Nevada.

If the tract of approximately 24,000 acres is taken over by the government, it will come under the jurisdiction of the Tahoe National Forest.

FAKE MEDICINE IS BEING SOLD OVER STATE SAYS REPORT

SACRAMENTO, Jan. 21.—(UP)—Cure-all which profess to be sound treatment for many diseases are still being offered the public, according to public health advices received here from Washington.

Although they do not appear so frequently now, occasionally one comes along, the food and drug administration recently declared.

They cite as an example the manufacturers of certain tablets made of compressed seaweed, which were fraudently offered, the administration says, for treatment of 32 specific diseases and "other conditions."

Among the ills for which this produce was supposed to be a panacea were some of the most stubborn diseases known to the human race, the administration asserts. They list among others pyorrhea, headache, indigestion, tuberculosis, cancer of the liver, glandular trouble, nervousness and eczema.

Further listings on the administration's complaint list of troubles the magic tablets were designed to correct are: migraine, high blood pressure, stomach ulcers, hay fever, liver congestion, subnormal growth and mental exhaustion.

Aggressive lending policies locally administered

Because of its great financial strength, Bank of America has lending resources which are more than adequate to meet every financial need of this community.

The aggressive, sound lending policies of Bank of America are administered entirely by local officers of the bank . . . by your own friends and neighbors who are familiar with local banking needs.

SENATOR WOULD HAVE COURT TO SETTLE DISPUTES

SACRAMENTO, Jan. 21.—(UP)—Establishment of a special court to provide a "lawful and orderly method of settling all industrial disputes" will be asked in a bill to be introduced into the legislature this session by Senator George M. Bigger.

The court would be given the same powers as other courts of record, according to Senator Biggar. It could issue injunctions and subpoenas and its findings would be enforceable by all established state agencies including the national guard.

The tribunal would be composed of three representatives of labor, three of capital and one member-at-large, all to be appointed by the governor and each to receive a salary of $8000 a year.

"It is intended to remove any excuse for any kind of violent industrial disturbance," Biggar declared.

"The history of the past few years clearly shows that the peace and welfare of the state of California has been seriously threatened by strikes and lockouts and that great economic loss to the people has resulted," he stated. "It is apparent that some more just and orderly way for settling labor and industrial disputes must be provided."

Champagne and a Ship

Miss Beryl Joslin takes a healthy swing and splashes champagne over the bow of the newest Navy destroyer, the U. S. S. Henley, launched this week at Mare Island. The tasty beverage not only properly helped christen the destroyer but splattered Miss Joslin and Capt. I. L. Yates, shown in the background.

Civilization Is Not Mild

Shortly before Mr. and Mrs. Martin Johnson, famous big game hunters, shown above, left for a lecture tour on the West Coast they remarked that civilization held terrors never to be found in the African and Borneo jungles. Today Mr. Johnson is dead as a result of the crash this week of a Western Air express transport near Los Angeles. Mrs. Johnson is mangled, critically injured.

THEATER OFFERING FEATURE PICTURES FOR NEXT WEEK

Continuing to give his patrons the best in entertainment, Manager V. C. Shattuck has billed three of the best productions of 1936 to be shown at the Donner Theater during the next week.

The first on the list will be Jungle Princess, featuring Dorothy Lamour, to be shown Saturday evening.

The Captain's Kid, the new First National comedy romance will be on the program Sunday with a talented cast headed by May Robson, Sybil Jason, the brilliant little child star, and Guy Kibbie, the jolly rotund comedian.

Hervey Allen's monumental literary classic, Anthony Adverse, brought to the screen with all its wealth of color anl dramatic fire, has been booked by Manager Shattuck for next Wednesday.

Frederic March has the stellar role with beautiful and talented Olivia de Havilland playing the leading feminine role.

CARD OF THANKS

We wish to express our sincere appreciation for the efforts put forth and the other acts of kindness during and after our recent fire.

Mr. and Mrs. Frank Powell.

HOBART MILLS

The continued stormy conditions have prevailed in Hobart Mills almost continuously since the first of the year, with the snow piling up to greater depth each week. The state highway crew has kept the Truckee road open and in excellent condition and the stage has missed only one trip.

Mr. and Mrs. George Seymour of Brockway were visitors at the home of Mr. and Mrs. Frank Wilson on Saturday last wek.

A. Eagel, brother of Mrs. D. Kammerer, is confined to his home with the "flu."

Mrs. Theodore Thibault and infant daughter have returned to their home from the Hobart hospital.

W. J. Thomas manager of the Hobart store is a patient at the Hobart hospital suffering from a severe attack of the "flu."

Several members of the Otis famly are confined to their homes with bad colds and influenza.

Mrs. E. C. Murray has returned to her home after spending several weeks in San Jose where she was called because of the serious illness of her brother.

Cecil Selburn returned home on Saturday from a business trip to Nevada City and Sacramento.

Cornelius Ehms and Bill Haskin who were "flu" patients at the Hobart hospital for several days last week have recovered.

L. B. Clark who was confined to his home by illness last week is able to be back at work again.

County Supervisor Alex Robertson returned home Sunday afternoon after spending the weekend at Nevada City where he attended the Tischer-McCormack wedding on Saturday evening.

G. D. Oliver arrived in town Monday morning from Berkeley and will spend several days here.

T. K. Oliver who went to Berkeley last Friday afternoon was unable to return this week due to illness.

E. W. Canady is confined to his home by illness.

O. C. Landrith is confined to his home suffering with a severe cold.

CARD OF THANKS

To our many friends and neighbors who came to our assistance at the time our home was destroyed by fire, we wish to take this means of expressing our gratitude.

Mr. and Mrs. Thos. Dolley.

DIVISION EXPENSE TO BE INCREASED IN PROPOSED MEASURE

SACRAMENTO, Jan. 21.—(UP)—Expenses of operating the state unemployment reserves division will jump from $200,000 during the past year to at least $1,000,000 a year after next July, members of the reserves commission estimated when reporting their expenditures for 1936

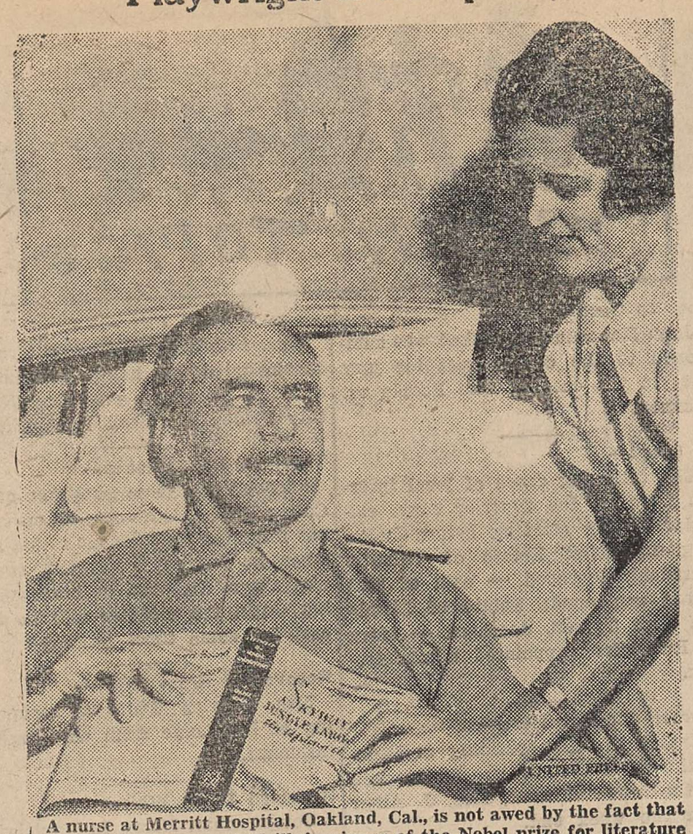
Cost of administration is met by federal allocations.

ASKS THAT REDWOOD BE MADE STATE TREE

SACRAMENTO, Jan 21.—(UP)—J. James Hollister, state senator from Gaviota, is a great admirer of the California redwoood tree and so are the Native Sons of the Golden West.

Whereupon, Hollister has introduced a bill this session calling upon the 52nd legislature to enact a law making the Redwood the official state tree of California.

Playwright Is Disciplined



A nurse at Merritt Hospital, Oakland, Cal., is not awed by the fact that her patient, Eugene O'Neill, is winner of the Nobel prize for literature this year or that he is America's greatest dramatist. She is shown as she took a book away from him this week so he would not strain his eyes while recovering from an appendicitis operation.

This Week At The State Capitol

By MELVIN LORD
United Press Staff Correspondent

SACRAMENTO, Jan. 21.—(UP)—Presentation to the legislature of Gov. Frank F. Merriam's budget calling for expenditure of state funds totaling $446,466,507 in state funds and $58,122,190 in federal grants, paved the way for consideration of revenue and taxation bills as soon as the lawmakers return here March 1 after the constitutional recess.

The budget, totaling more than a half billion dollars, represents the biggest document of its kind ever presented to the legislature and was made possible by the improved economic conditions which the administration believes will lead a $21,000,000 surplus by the end of the 1937-39 period.

The total represents an increase slightly in excess of $27,000,000 over the current biennial allowance, much of which will go back to the cities and counties in the form of allocations for school support, highways and miscellaneous allowances for such things as superior court judges' salaries.

The governor stressed the fact that out of the suggested total setup for the government, almost half, or $233,570,720 will go back to cities and counties, including the major item of $146,790,280 for support of elementary, high schools and junior colleges.

The state's total income for the two year period, assuming that the present tax sources are not disturbed by the legislature, was estimated at $487,440,131 or far in excess of current income. Of the total $338,405,189 will go into the hard pressed general fund.

The democratic assembly accepted at least one of the governor's recommendations to leave the tax setup undisturbed by passing a bill to continue for another two years the "in lieu" tax on automobiles.

The lower house left the rate of $1.75 per $100 valuation untouched, but cut in half the former 100 per cent penalty for delinquencies and extended the levy for only two years instead of making it a permanent part of the revenue system as had been asked by Assemblyman William Hornblower of San Francisco, author of the bill.

Measures designed to liberalize the old age pension act continue to pile up on the clerk's desk in the assembly. It was estimatel that almost enough assemblymen had introduced such bills to assure passage of at least one of them.

Most of the measures call for an increase in the monthly payments from $35 to $50 a month; some seek a reduction in the age limitation from 65 to 60 years of age.

With the second week of the session concluded, a total of 777 bills had been introduced in both houses, a number far behind the schedule of recent years.

It was considered likely that the total number probably would be well under the 3,600 of last session, or that the files would be completely jammed by the time the "first-half" session is concluded February 22.

Members are limited to the introduction of two bills each after the legislature convenes March 1.

In view of the estimated increase in the number of needy aged on the state's pension rolls, the governor set aside a total of $71,000,000 for payment under the old age security act. This does not take into consideration any liberalization of the present law.

DEATH ON HIGHWAYS SHOWS INCREASE IN STATE REPORT

SACRAMENO, Jan. 21.—Two-hundred and sixty-eight more persons lost their lives in accidents on the California highways in the first 11 months of 1936 than in the same period last year, Ray Ingels, director of the state motor vehicle department, announced.

The total for the first 11 months of this year was given as 2773, as against 2505 for1935.

POLITICALLY SPEAKING

(Continued from Page 2)

hide nothing and answers every question that might arise in connection with it.

There have been state budgets in the past that were so incomplete or tricky that even those who prepared them hardly knew where to find the data. And interested observers were denied to discover the total amount of the appropriations recommended.

Unless legislators begin pouring new bills by the hundreds during the third week of the January session, there will be fewer measures to be considered this year.

Already, bills covering almost every conceivable bit of legislation mentioned have been introduced, and if the lawmakers decided to stop the process immediately the state could go right on operating its government functions, observers agreed, without any danger of encountering much trouble.

Each member will be entitled to introduce two bills during the second "half" of the session. As in the past several hundred of these measures will get no further than the committees, but legislators must introduce them because of demands from constituant groups and individuals.

Both houses voted to adjourn the bill introducing session February 22 and return to the capitol March 1 to begin actal work of acting upon the measures.

ADVERTISE IT IN THE SUN

70 PER CENT STILL WITHOUT PLATES, REGISTRAR SAYS

SACRAMENTO, Jan. 21.— More han 70 per cent of motorists have failed to secure their 1937 license plates to date, Howard E. Deems, state registrar of vehicles, announced this week.

With only a few days remaining before the deadline at midnight on February 4, he said, they are facing the possibility of a 100 per cent penalty on both the registration fee and the motor vehicle license fee.

"Last year," Deems declared, "100,000 persons were compelled by law to pay a 100 per cent penalty because they delayed in getting their plates until after February 4th."

This year motorists will have fewer inconveniences in getting their plates because all offices of the department will be open on Saturday afternoons during January; postal card notices have been improved and 14 temporary branch offices have been established.

Campbell Improved—

Bud Campbell, who had been confined to his home for several days because of a severe attack of rheumatism in his knees, is again able to resume his work at the service station.

PROPOSES PLACING JUNIOR OFFICERS ON COMPENSATION

SACRAMENTO, Jan. 21.—(UP—Members of the junior traffic patrols, who guide school children across busy intersections, would come under provisions of the state compensation act, according to a bill proposed in the senate by T. H. DeLap, Richmond.

The young traffic officers would have the authority to direct traffic only at their specified intersections. however, the senator apparently thinking some of the juvenile minions of the law might tend to usurp the powers of the regularly constituted constabulary.

Thurman on Crutches—
"Scoop" Thurman, publisher of the Colfax Record is able to be on crutches following an accident to his knee when he fell on a sidewalk several weeks ago. Although he has resumed his work, the member will be in a cast for some time.

Recovering From "Flu"—
Mrs. Charles White is recuperating at her home from an attack of influenza.

Renamed Party Whip—
Congressman Harry L. Englebright of Nevada City has been renamed as the party whip of the House of Representatives for the third term by Republican Leader Bertram Snell according to reports received from Washington.

Go to Capital—
Mr. and Mrs. Erle Martin of Habart Mills passed through Truckee on Wednesday en route to Sacramento.

School Notes

Raymond Sabini had a narrow escape from serious injury when he was hit just above the left eye by an unknown object in the maunal training room at the high school on Tuesday and was rendered unconscious. None of those present is able to account for themishap but a part of a broken file was found near the student. It was necessary for Dr. J. H. Bernard to administer treatment.

Benjamin Barrow of Farad will leave his local classes at the end of this week to make his future home with his parents, Mr. and Mrs. B. J. Barrow in Yosemite.

Through the thoughtfulness and generousity of Ruth Seibold of Hobart Mills, the students at the local high school were able tohear the inaugural speech of President Roosevelt on Wednesday. Schools all over the state have appropriate radio programs as part of their educational work and it was a privilege to have been able to hear the chief executive on the very important occasion.

Suave, Clever

Alfred Bert, alias "Dr." Albert Stanley Fortune, internationally known swindler, who was released from Alcatraz Prison this week only to be placed in custody on a $10,000 jewel robbery charge.

HEATED SHOP IS INSTALLED IN STONE GARAGE BY MARKEL

Extensive improvements have been made at the Stone Garage by George Markell, the proprietor. Most outstanding is the completion of a heated work shop in the rear of the garage, where the temperature is kept at a moderate degree. Markell says that insures more efficient workmanship than a cold shop.

YOUR MONEY DOES DOUBLE DUTY WHEN YOU BUY HERE
